

International Alumni Student Adoption Program (i-ASAP)

January 27, 2021

Dear Fellow Alumni,

As the pandemic forces schools to move education online, distance learning presented many challenges to CLSU students, especially those who are deprived of the basic facilities.

We, CLSU IAAI, are seeking your financial sponsorship to help CLSU students by providing internet access and/or other academic expenses through adopting a student for the AY 2020-2021 2nd Semester during this pandemic.

The cost of internet is ₱500 per student per month.

₱500 x 5 months (per semester) = ₱2,500 per student per semester

On behalf of the beneficiaries, we can continue our support to the CLSU community by contributing to this program, and its success is credited to our organization's involvement to our alma mater.

The Executive Committee approved \$1000 from its general fund to provide grant to 20 students. However, we believe we can do more!

If interested to adopt a student(s), **please send your donation preferably by February 28, 2021** for us to guarantee a definite number of students sponsored/adopted.

Payable to CLSU IAAI, Inc and mail to:

CLSU IAAI, Inc
c/o Norma Viray
4524 Elwell Ct.
Elk Grove, CA 95758-4017

If you have already fulfilled your pledge, please accept our sincerest thanks.

Your valuable donation will not only help a student with a better future; it is also tax-deductible if you reside in the USA.

Also, please contact us if you have any questions about the i-ASAP project.

Thank you,
